MESA SOLUTIONS RECEIVES 2020 HIRE VETS MEDALLION AWARD FROM U.S. DEPARTMENT OF LABOR

LOVELAND, CO – November 10, 2020: U.S. Secretary of Labor Eugene Scalia recognized Mesa Solutions as one of the 675 recipients of the 2020 HIRE Vets Medallion Award during an award ceremony at the U.S. Department of Labor. Mesa earned the Platinum Award after applying earlier this year. The Honoring Investments in Recruiting and Employing American Military Veterans Act (HIRE Vets Act) Medallion Program is the only federal award program that recognizes job creators who successfully recruit, hire, and retain veterans.

“It's an honor to win the Hire Vets Platinum award. Here at Mesa, we value and believe in the contributions our veterans have made and are making for this great nation. The traits and characteristics that make our service members the best in the world is also what makes Mesa what it is today. By recruiting and hiring veterans, it offers and reinforces the values of honesty, integrity, selfless service, and teamwork, which makes Mesa Solutions notable compared to other companies. We have found Veterans to be hardworking, disciplined, self-starters who bring a passion for their job into the workplace. Without them, we are just another company. With them, we are exceptional leaders in our field.” says Ray Kent, Director of Human Resources at Mesa Solutions.

Mesa joins 674 other companies from 49 states, plus the District of Columbia, who have shown a commitment to hiring veterans, but also ensuring that they have a long-term career and growth plan that uses the diverse skills they acquired through their military service.

The HIRE Vets Medallion Award is based on a number of criteria, ranging from veteran hiring and retention to providing veteran-specific resources, leadership programming, dedicated human resources, and compensation and tuition assistance programs – with requirements varying for large, medium, and small employers.

About Mesa Solutions

Mesa, a portfolio company of BP Energy Partners, is a leading power solutions company specializing in the manufacturing, sales, leasing, and operations of natural gas and liquid propane-powered mobile and stationary generator sets and microgrids. Mesa's best-in-class power solutions enable customers to reduce their energy costs and capital expenditures as well as increase reliability and operational up-time, all while lowering emissions and decreasing their carbon footprint. Mesa currently operates across the globe with headquarters and multiple satellite locations in the United States. Today, Mesa provides sustainable power generation for commercial and industrial prime power, microgrids, standby power, and a variety of other global applications.
